

About Us:

Established in the year 1997, we, "**Shubham Corporation**" is the flagship company of "**Shubham Group**". "**Paras Corporation**" is a sister concern of it. "**Shubham Corporation**" distinguished importer and trader of a qualitative range of Coal. This superior variety of coal is sourced from leading Importers, with an assurance of impeccable quality. Known for its high density, low ash and high thermal efficiency, this coal is widely demanded in the market. Various industries including steel, power plants and other sectors use coal for varied purposes.

We are assisted by our team of professionals, which makes sure that the procured range is compliant with the established norms of the industry. The clients can avail these products from us as per their requirements in terms of quality and variety. By ensuring an effective quality control programmed, we offer premium grades of coals. Also, these different varieties of coal are stored in spacious stockyard, separately at various port.

Under the experienced and qualified guidance of our mentor, "**Mr. Samir Jain**" & "**Mr. Mihir Jain**". We have gained an indomitable presence in the market. His principled approach and keen business acumen have been acting as the fuel behind our phenomenal growth in this domain.

Our Vendor Base

We have forged trustworthy business relationships with most excellent processors for sourcing our product range from the qualified procurement agents employed by us, are affianced in selecting these processors after extensive assessment of their capabilities, past clients served, market goodwill, financial status, timeliness and favorable conditions. Our vendors use superior quality raw material and employ modern technology to process the mined coal in compliance with the established norms of the industry. These relationships have allowed us to cater to the burgeoning requirements of the clients.

Quality Assurance

Quality of the products has always been the most vital factor of our operations and it is the driving force behind our success. The quality of the products are tested in a two-pronged manner, first by our vendors and then, by us. Being a trader, it becomes exigent for us to check the sourced coal for compliance with the set industry standards. We have well-furnished facilities, leveraging on which our expert quality analysts conduct stringent checks for ensuring proper carbon content and quality of the coal.
